For any help or questions please call 855-422-3223 or email psecredemptions@pcsalts.com

Exchanges: Prospect Capital Corporation ("PSEC") accepts requests to exchange Series M4 Preferred Stock ("M4 Shares") with CUSIPs that will not be subject to the Series M4 Shares Clawback (as defined in the Prospectus Supplement dated December 29, 2023, as amended or supplemented from time to time) for the applicable Holder Redemption Exercise Date (as defined in the Prospectus Supplement dated December 29, 2023, as amended or supplemented from time to time) as of the date a completed form is submitted (each such M4 Share, an "Eligible M4 Share") for 7.50% Series M5 Preferred Stock ("M5 Shares") on a continual basis with a deadline on the last business day of every month (each an "exchange deadline"). Please allow approximately 15 calendar days after the applicable exchange deadline for processing upon a submission of an exchange request that is in good order. Exchange requests will generally be processed the following month, typically before the record date for that month's dividend on the M4 Shares and M5 Shares. If you elect to exchange Eligible M4 Shares for M5 Shares, you will receive accrued but unpaid dividends on your Eligible M4 Shares as of the settlement date of the exchange in cash, and dividends will begin to accrue on your M5 Shares on the settlement date of the exchange. If you hold your Eligible M4 Shares directly as a shareholder of record through the Direct Registration System ("DRS"), you must check the Preferred Stock Dividend Reinvestment Plan ("DRIP") election box below to enroll or re-enroll in the DRIP for the M5 Shares (see option under "Exchange Request" below); if you hold your Eligible M4 Shares through The Depository Trust Company ("DTC" i.e. in "street name"), you will need to contact your broker or other financial intermediary to request enrollment or re-enrollment in the DRIP for the M5 Shares. With respect to reinvested dividends, the purchase price for purchases of M5 Shares directly from us will be \$25.00 per share (100% of the Stated Value of \$25.00 per share of M5 Shares); and the investment date will be the dividend payment date for the month. See the section titled "Preferred Stock Dividend Reinvestment Plan" in the Series M5 Exchange Offer Prospectus, attached hereto. Exchanges of Eligible M4 Shares for M5 Shares are not subject to any fees. The terms, conditions and risks applicable to an exchange of Eligible M4 Shares for M5 Shares are contained in the Series M5 Exchange Offer Prospectus, attached hereto.

Redemptions: PSEC accepts redemption requests on a continual basis with deadlines on the last business day of every month (a Holder Redemption Deadline). Requests will be processed once a month with settlement up to 2 months later. If you hold your M4 Shares directly as a shareholder of record through DRS, cash proceeds will be remitted via check. A wire can be requested, but a \$100 fee will be deducted from the payment to the shareholder. ACH is not available. If you hold your M4 Shares through DTC (i.e. in "street name"), cash proceeds will be remitted to your qualifying brokerage account. PSEC's transfer agent may coordinate further with institutions based upon the information provided to properly deliver cash.

Redemptions of the M4 Shares are subject to the limitations of (i) 2% per month of the outstanding Series A4 Preferred Stock ("A4 Shares") and M4 Shares, in aggregate, as of the end of the most recent fiscal quarter, (ii) 5% per quarter of the outstanding A4 Shares and M4 Shares, in aggregate, as of the end of the most recent fiscal quarter, and (iii) 20% per annual redemption period (the then current fiscal quarter and the three fiscal quarters immediately preceding the then current fiscal quarter) of the outstanding A4 Shares and M4 Shares, in aggregate, as of the end of the most recent fiscal quarter, and that such capacity limitations are applied on an aggregated basis with death put redemptions (whether of A4 Shares or M4 Shares) as described in the Prospectus Supplement dated December 29, 2023, as amended or supplemented from time to time. Redemption capacity will be allocated on a pro rata basis based on the number of A4 Shares and M4 Shares, as applicable, submitted in the event that a redemption is oversubscribed. If a redemption is oversubscribed and not all M4 Shares are redeemed, this form must be submitted again for the remaining shares. If you participate in the Preferred Stock Dividend Reinvestment Plan, completion of this form below will not automatically disenroll you from the Preferred Stock Dividend Reinvestment Plan.

All Exchanges & Redemptions must include:

- This form must be completed with an Original Medallion Stamp Guarantee,
- Signatures of all required investors, and
- A recent account statement showing where the preferred shares (including ownership of the number of shares for exchange/redemption) are being held.

NOTICE TO INVESTORS

Section 3(a)(9) provides that the registration requirements of the Securities Act will not apply to “any security exchanged by the issuer with its existing security holders exclusively where no commission or other remuneration is paid or given directly or indirectly for soliciting such exchange.” We have no contract, arrangement or understanding relating to, and will not, directly or indirectly, pay any commission or other remuneration to any broker, dealer, salesperson, agent or any other person for soliciting exchanges in the Exchange Offer.

The contents of this Exchange Offer Prospectus are not to be construed as legal, financial or tax advice. Stockholders should consult their own attorneys, financial advisors or tax advisors as to legal, financial or tax advice with respect to the Exchange Offer.

The Exchange Offer

The Company is offering Stockholders of Eligible Series M4 Shares the ability to exchange any or all of their Eligible Series M4 Shares for newly-issued Series M5 Shares on a continuous basis. An Eligible Series M4 Share Stockholder participating in the Exchange Offer will receive (a) one (1) Series M5 Share for each whole Eligible Series M4 Share exchanged, and (b) a cash payment equal to any unpaid dividends on the exchanged Eligible Series M4 Shares accrued to, but not including, the Exchange Exercise Date, plus any fractional amount of an Eligible Series M4 Share exchanged multiplied by \$25.00 (collectively, the “Cash Consideration”). Eligible Series M4 Share Stockholders may elect to participate in the Exchange Offer by completing the Form attached hereto.

Exchanges will be processed on a monthly basis, with the deadline for an Eligible Series M4 Share Stockholder to submit a completed Form for each month being the last business day of the prior month (the Exchange Deadline). Exchange requests received in good order by the Exchange Deadline will generally be processed the following month on a business day of our choosing, which will typically be before the record date for that month’s dividend on the Series M4 Shares and Series M5 Shares (the Exchange Exercise Date). Stockholders who exchange Eligible Series M4 Shares for Series M5 Shares will receive unpaid dividends on their Eligible Series M4 Shares accrued to, but not including, the Exchange Exercise Date as part of the Cash Consideration, and dividends will begin to accrue on their new Series M5 Shares on the Exchange Exercise Date.

Exchanges of Eligible Series M4 Shares for Series M5 Shares are not subject to any selling commission or dealer manager fees.

The terms of the Series M5 Shares differ in important ways from those of the Series M4 Shares, including with respect to the dividend rate and certain terms and conditions of redemption. The terms of the Series M5 Shares are set forth in the New Prospectus Supplement, which is available at <https://pcsalts.com/pc-prefseries-overview/>.

The issuance of Series M5 Shares in the Exchange Offer will constitute an initial issuance of Series M5 Shares. Therefore, Series M5 Shares received in the Exchange Offer will be subject to the Series M5 Shares Clawback (as defined in the New Prospectus Supplement) for the first twenty-four months after the settlement date for the Exchange Offer on which the Series M5 Shares are issued. This means that if a Series M5 Share Stockholder exercises its option to redeem some or all of its Series M5 Shares within the first twenty-four months after the Exchange Exercise Date on which the Series M5 Shares are issued, the settlement amount payable in the redemption will be reduced by (i) during the first twelve months of issuance of such Series M5 Shares, the aggregate amount of all dividends, whether paid or accrued, on such Series M5 Shares in the six-month period prior to the Holder Redemption Exercise Date (as defined in the New Prospectus Supplement), and (ii) during the second twelve months of issuance of such Series M5 Shares, the aggregate amount of all dividends, whether paid or accrued, on such Series M5 Shares in the three-month period prior to the Holder Redemption Exercise Date. See “Risk Factors”.

All questions as to the validity, form and eligibility, including time or receipt, of Forms and whether a Series M4 Share is an Eligible Series M4 Share, will be determined by us in our sole discretion. Our determination will be final and binding on all parties, subject to a Stockholder challenging our determination in a court of competent jurisdiction and such court issuing a judgment to the contrary.

We may withdraw the Exchange Offer at any time in our sole discretion with or without notice.

Summary of Preferred Stock Liquidity Features

The information set forth in the section of the New Prospectus Supplement titled “Summary of Preferred Stock Liquidity Features” is incorporated herein by reference.

Risk Factors

Your investment in shares of our Preferred Stock will involve certain risks. Before deciding whether to invest in shares of our Preferred Stock, you should, in consultation with your own financial and legal advisors, carefully consider the following supplementary risk factors together with the risk factors set forth in the attached New Prospectus Supplement and as described in the section titled “Risk Factors” in our most recent Annual Report on Form 10-K and most recent Quarterly Reports on Form 10-Q, as well as in subsequent filings with the U.S. Securities and Exchange Commission (“SEC”), which are incorporated by reference into this Exchange Offer Prospectus, in their entirety, together with other information in this Exchange Offer Prospectus, the attached New Prospectus Supplement and the documents incorporated by reference herein and therein. The risks described below and in these documents are not the only risks we face. Additional risks and uncertainties not presently known to us might also impair our operations and performance. If any of the events described herein or in such documents occur, our business, financial condition and results of operations could be materially and adversely affected. Past financial performance may not be a reliable indicator of future performance, and historical trends should not be used to anticipate results or trends in future periods. If any of these risks actually occurs, our business, reputation, financial condition, results of operations, revenue, and future prospects could be seriously harmed. Please also read carefully the section titled “Forward-

Looking Statements” in this Exchange Offer Prospectus, the attached New Prospectus Supplement and in our filings with the SEC.

The twenty-four month Series M5 Shares Clawback period will commence upon the exchange of Eligible Series M4 Shares for Series M5 Shares.

The Series M5 Shares are subject to the Series M5 Shares Clawback (as defined in the New Prospectus Supplement) upon exercise of the Holder Optional Redemption (as defined in the New Prospectus Supplement) within the first twenty-four months of issuance of such Series M5 Shares. The twenty-four month Series M5 Shares Clawback effective period will commence upon exchange of Eligible Series M4 Shares for Series M5 Shares pursuant to the Exchange Offer since the Series M5 Shares received in the Exchange Offer will be newly issued.

The Company is permitted to waive the Series M5 Shares Clawback through public announcement of the terms and duration of such waiver. Any such waiver would apply to any Series M5 Share Stockholder, including qualifying for the waiver and exercising a Holder Optional Redemption during the pendency of the term of such waiver. Although the Company retains the right to waive the Series M5 Shares Clawback in the manner described above, the Company is not required to establish any such waivers and we may never establish any such waivers.

Description of the Preferred Stock

The information set forth in the section of the New Prospectus Supplement titled “Description of the Preferred Stock” is incorporated herein by reference.

Supplement to Material U.S. Federal Income Tax Considerations

The following summary of certain U.S. federal income tax considerations supplements the discussion set forth under the heading “Supplement to Material U.S. Federal Income Tax Considerations” in the New Prospectus Supplement and is subject to the qualifications and assumptions set forth therein. The following summary is for general information only and is not tax advice. This discussion does not purport to deal with all aspects of taxation that may be relevant to particular Stockholders in light of their personal investment or tax circumstances and does not apply to Stockholders subject to special tax rules. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax aspects set forth below. Each Stockholder is urged to consult its own tax advisor regarding the tax consequences to it of participating in the Exchange Offer and of the ownership and disposition of the Series M5 Shares.

We intend to treat the exchange of Eligible Series M4 Shares for Series M5 Shares pursuant to the Exchange Offer as a “recapitalization” within the meaning of Section 368(a)(1)(E) of the Code. Assuming such exchange is so treated, an exchanging Stockholder will generally not recognize gain or loss on the exchange, except that cash received in respect of accrued but unpaid dividends may be treated as a distribution on the Eligible Series M4 Shares, as described under “Supplement to Material U.S. Federal Income Tax Considerations—Distributions” in the New Prospectus Supplement. A Stockholder’s adjusted tax basis in Series M5 Shares received in exchange would

equal its tax basis in the corresponding Eligible Series M4 Shares exchanged therefor, and its holding period in the Series M5 Shares would include the holding period for the corresponding Eligible Series M4 Shares.

See “Supplement to Material U.S. Federal Income Tax Considerations” in the New Prospectus Supplement for a general discussion of the consequences of owning and disposing of Series M5 Shares received in the exchange.

Preferred Stock Dividend Reinvestment Plan

With respect to reinvested dividends, the purchase price for purchases of shares of Series M5 Shares directly from us will be \$25.00 per share of Series M5 Shares, and the investment date will be the dividend payment date for the month. See the section titled “Item 1. Business—Preferred Stock Dividend Reinvestment Plan” in our 2025 Annual Report for additional information.

For Stockholders who hold their Eligible Series M4 Shares through the Direct Registration System, you **must** check the Preferred Stock Dividend Reinvestment Plan (“DRIP”) election box on the Form to enroll or re-enroll in the DRIP for the new Series M5 Shares.
